CUSTOMER REVIEW

From start to finish the all staff we worked with at Angie's has been professional, friendly and their communication is clear and timely. The installers, Joel & Sam, did a wonderful job. Cleaned up nicely and worked around my 2 dogs. Even bought treats for my dogs on the second day they were here. They didn't mind them being around asking them for attention =]. Flooring and install looks great! Recommend and would use them again for future flooring needs.
